# 16% GOAT/SHEEP RATION

FOR FRESHENING, DRY PREGNANT, LACTATING GOATS AND SHEEP, AND BUCKS

Sure Crop Feeds' 16% Goat/ is a high protein ration formulated with a blend of high quality pelleted, steam flaked and whole grains in addition to high levels of minerals and vitamins to exceed the nutritional requirements of growing lamb. This highly palatable 18% crude protein ration is designed to be fed 6-8 weeks before lambing and during lactation to support a healthy body condition and milk production.

# **NATURAL PROTEIN SOURCES**

From soybean meal and canola to support optimal performance

#### WHOLE WHEAT AND STEAM FLAKED BARLEY AND OATS

Blend of slower and fast digestible sources of energy and carbohydrates

## HIGH MOLASSES LEVELS

(EY FEATURES

Enhances palatability and encourages intakes while creep feeding

## **BALANCED MINERALS & VITAMINS**

To meet requirements while avoiding copper toxicity

### 2:1 CALCIUM TO PHOSPHORUS

High calcium to aid in the prevention of hypocalcemia and urinary calculi

#### **FEEDING DIRECTIONS**

Feed 16% ration along with free choice forages, such as hay or pasture. Feed to ewes or does, 6-8 weeks prior to lambing and during lactation. The following feeding guide may be used:

Age/Phase	Feed Rate
4 Months Freshening	Up to 0.45kg
Dry/Pregnant	Up to 0.45kg
Milking Doe	Up to 0.49kg per 0.49kg
	of milk produced
Buck	0.45kg - 0.9kg

#### **RECOMMENDATIONS**

Gradually increase inclusion into diet. Sudden increase in grains can causes acidosis. A constant supply of clean water and access to salt can help prevent urinary calculi.

#### **GUARANTEED ANALYSIS**

Crude protein (minimum) 16.0%
Crude fiber (maximum) 7.7%
Crude fat (minimum) 3.5%
Calcium (actual) 1%
Phosphorus (actual) 0.53%
Sodium (actual) 0.32%
Copper (actual) 6 mg/kg
Vitamin A (minimum) 6000 IU/kg
Vitamin D3 (minimum) 780 IU/kg
Vitamin E (minimum) 113 IU/kg

This feed contains added Selenium at 0.30 mg/kg
